may need, so why settle for anything less than the best?

With Calder Woods, you're choosing

a faith-based culture and a community of people who care. With Calder Woods, ultimately, you're choosing happiness.

Life is defined by the choices we make every day, throughout every season, in every stage. And when it comes to senior living, you have choices. You can choose your lifestyle, your location and exactly the care that you or your loved one

### Independent Living

For senior adults looking to maintain an active lifestyle without the hassle of home maintenance, Calder Woods offers private townhomes, one- and two-bedroom apartments, and the newly added Garden Apartment Homes with just the right amount of quiet privacy and social activity. Here, you have the option to choose whatever lifestyle suits you.

Each of our spacious and inviting apartments gives you easy access to community amenities, programs and activities. Whether you prefer a night on the town or a movie and popcorn, working up a sweat or reading a book in the bistro, we've got a place here for you.

### Assisted Living

For senior adults who may need additional assistance or support with daily activities, The Hearth at Calder Woods provides private one-bedroom or studio apartment homes with access to all the activities, services and amenities our community has to offer.

In assisted living, you will have the peace of mind that your needs will always be met— whether that be medication management, physical therapy, or help with daily activities. Most assisted living residents maintain an active lifestyle through regular community activities and outings.

### Memory Care

When memory impairment becomes a concern for daily living, Calder Woods provides compassionate support at The Harbor, our certified memory care community. This home-like environment offers private suites and access to community amenities— all in a safe and secure setting. Employees and care professionals here provide services for varying levels of cognition— including Alzheimer's and dementia— using a holistic, faith-based approach that encourages residents to connect with their past and enjoy the present.

### Skilled and Long-Term Nursing

When a loved one's care requires around-

the-clock nursing supervision, Calder Woods provides a personalized, compassionate, care approach at The Haven and The Cottages. Within these options, we offer services to meet long-term

nursing and short-term rehab needs, such as those of post-surgery or injury. Employees and care professionals work with each resident and their loved ones to create an effective, thorough treatment process.

### Our Invitation

In choosing to make your home with us, you're choosing Christ-like compassion, expertise and a community that inspires happiness every day. What are you waiting for? Time to begin the best years of your life. Welcome to Calder Woods.

**We invite you to visit us, meet our staff and some of the community members who have chosen to make Calder Woods their home. To schedule a community visit or receive more information, please call 409-861-1123 or email us at [bucknerretirement@buckner.org](mailto:bucknerretirement@buckner.org)**
